Judge Powers Says Utah Silver Republicans Were Buncoed.

SPRINGVILLE MEETING

A FINE AUDIENCE AND EFFECTIVE SPEECHES.

Powers Ridiculed the Republican Campaign—Speaking of Twins, What Was the Matter With the News and Tribune in Days Ago?

Cautious Comment on Alger.

(Special to The Herald.)
Springville, Utah, Oct. 17.—Six hundred people gathered at Reynolds hall this evening to listen to the opening Democratic speeches of this year's campaign in this city. Chairman William M. Roylance presided. Judge Baskin opened by congratulating the splendid audience. He said it was right that the people should take an active interest in governmental affairs. He showed himself familiar with the political issues and adopted those which best suited the public interest, and should not be turned from what they believed to be right. He briefly discussed the silver question and declared it the all-important issue in this campaign.

Judge Powers opened his speech with complimentary remarks about Springville and its people. Launching then upon his argument, he presented several points which he endeavored to fill with illustrations upon personal character. He expressed regret that silver Republicans had blindly purchased a gold brick, and ridiculed their position. He insisted that the silver cause cannot be advanced by the success of the Republican ticket, and that as well as sell out to the Democrats. He urged the election of the Democratic county ticket, and complimented Roylance, Smoot and Evans. He discussed the silver question, and supported Roberts, asking why the assaults upon him were not made in 1896. He argued that the whole fight was made and the people were left to struggle themselves in order to place Eldridge in congress and John Henry Smith in the senate.

Speaking of recent cartoons, Judge Powers said that the finest picture of twins he ever saw was the Deseret News and Tribune in days gone by. But, he said, those were not the twins John Henry and John Henry Smith. The Tribune for campaign purposes. He paid his respects to the gentlemen, headed by Judge Judd, who recently declared that the silver cause was a Republican cause, and supported Roberts, and described Eldridge's oil train speech in the constitutional convention. He said that the substance of the testimony before the McKimley war investigation is that the soldiers, not having had enough to eat at home, gorged themselves in the army, and then died; that the cause was not clean that the men just naturally became ill, and their perfect health induced disease; that the men did not die from disease, but from lack of food. Never being in the army before, they thought it the proper thing to die, and thus the administration was embarrassed.

At the conclusion an informal reception was held and the speakers met many of the people. A large party was present from Provo.

CONDITIONS IN EMERY.

Republican Candidate For Legislature Withdraws.

(Special to The Herald.)
Emery, Oct. 17.—The conditions of discontent in Emery county are for the greater part purely imaginary. The facts are that there is perfect harmony within the ranks of the Democrats, as will be demonstrated on election day, when the party will be able to secure a majority above all opposition of from 400 to 500 votes. Hon. William Howard, a representative citizen and Democrat of Emery county, was here yesterday, and in talking with your correspondent gave it as his opinion that the opposition there this year amounts practically to nothing. The Republicans, in convention, made overtures to the Democrats to give them a part of the county ticket and they would place no nominations in the field. This was declined with thanks, and the next move was to put a third ticket in the field, which so far has proved unsuccessful. The Republicans are all torn up in the financial question, and those who hope for silver will come over to the Democrats. The Republican candidate for representative, Bishop Brinkhoff, has declined to run, and J. W. Miller, who was substituted, George M. Miller, county chairman, became dissatisfied with the silver sentiment in the party and has resigned his position. It is said that a citizen's ticket will be put in the field, but if it is it will be run as a McKinley-Hanna side-show, and no matter what inducements are offered, the number of voters can be pulled away from the Democrats.

Senator Hawley, who went out to Smith's ranch on the 10th, returned on the 12th. He will be back in time to fire the first gun of the campaign here on the evening of Wednesday, Oct. 19, before leaving Salt Lake. "Comedian" King will come along a few days later, to be followed by B. H. Roberts and Fisher Harris. Mr. W. H. Cassiday, of Salt Lake, came through here today for Emery county, where he goes to make several speeches in the interest of the candidates on the Democratic ticket. He will visit the Emery district the greater part of the time until the November election.

The Mercur will run up a large majority for the party of Jefferson is conceded by all, and Tootle county is Democratic beyond dispute.

KISSED THE PRESIDENT'S HAND

CHICAGO DAMES AND DAMSELS LOSE THEIR HEADS.

Many Tried to Kiss McKinley, But Failed—Reception at the Armory—Rain Spoiled the Day.

Chicago, Oct. 17.—This afternoon President McKinley, with college and other dignitaries, marched through rain, mud and slush to Kent theatre, University of Chicago, where, with all due ceremony, the president was received in cap and gown and had conferred upon him the honorary degree of doctor of laws.

After the ceremonies in Kent hall, the president was escorted through Washington park and up to the armory. Nearly the whole distance the streets were lined with people, who stood in the cold, drizzling rain, and cheered as the president's closed carriage passed by. At the armory, the president was met by the First Illinois Infantry and the Fourth regular infantry from Fort Sheridan were lined up with the policemen to assist in preserving order. Thousands had gathered to see the president.

It was after 4 o'clock when the president and Secretaries Gage and Bliss entered the armory and took their places upon the platform. A tremendous shout went up when the president appeared. After Colonel Turner and John M. Harrison, the president of the committee of the reception committee, the band played "The Star-Spangled Banner" and the president took the oath of office. During the ceremony, the president was surrounded by a number of young women, and one of them kissed the president's hand, however.

When the public reception had closed the president, in the party of the day, the president and his party were driven to the Auditorium, where they were met by a dinner given in their honor by the Justice reception committee.

BRYAN'S SIGNIFICANT WORDS.

Government Should Be By Consent of the Governed.

Chicago, Oct. 17.—The following letter of declaration has been received from W. J. Bryan, in response to an invitation to "Camp Cuba Libre, Jacksonville, Fla., Oct. 17.—I regret that duties here will prevent me from attending the convention extended by the citizens of Chicago to be present at the national peace jubilee on the 21st of October. The American people are preeminently a peace-loving people, and it is fitting that they should celebrate the anniversary of the present war—a war which has demonstrated anew the valor of our soldiers and the wisdom of our statesmen. I hope to establish in the Orient as well as in the West Indies, that doctrine so long and so justly maintained, namely, that governments derive their just powers, not from the armies or navies, but from the consent of the governed.

Jubilee Arch-Demonstrated.

Chicago, Oct. 17.—The strong wind and rain storm that prevailed today played havoc with the peace jubilee arches and decorations. Six of the arches, the First regiment arch, at Van Buren and Michigan streets, the arch at McKimley and State; the Evans arch, at Clark and Adams streets; the Miles arch, at State and Madison streets; the Jackson Boulevard arch, at Jackson Boulevard and Harrison streets; and the arch at Madison and Madison streets, were all blown down or damaged. Hundreds of flags and streamers of bunting were scattered about by the wind. It is hardly probable that the arches will be replaced.

SWEETMEATS FOR SOLDIERS.

Government Will Carry Christmas Gifts to Manila.

New York, Oct. 17.—A dispatch to the Tribune from Washington says that the quartermaster department of the army is arranging to extend its good offices in the direction of transporting a reasonable amount of Christmas gifts to the American soldiers in the various districts at Manila. It will be necessary to start a steamer from San Francisco early in November in order to reach the Philippines by Christmas, and the troops of the soldier boys beyond the Pacific who wish to forward boxes of good things are already in correspondence with the quartermaster general on the subject.

The rigid rule has been laid down that Christmas boxes for the soldiers at Manila must not contain quantities of sweet things calculated to disturb the digestion of the recipients. Candy will be permitted only in small parcels, and it is advisable that packages be limited in weight, as the department is not able to ship more than a thousand tons at the utmost. The packages will have to be delivered at San Francisco without expense to the government, which has no fund for transporting such supplies, and it is essential that the quartermaster general shall give permission in each case for the package to go aboard a government transport.
